

Catholic Junior College

2020/OTH/036

8 May 2020

Dear JC2 Parents/Guardians,

We have completed the online subject consultations for the first week of the May holidays. As communicated to all parents on 30 April, there will be online Supplementary lessons for all J2 students in the last week of May (27, 28 and 29 May) to revise topics and prepare them for the start of Term 3. These supplementary lessons will enable our teachers to address the learning needs of your child.

Given that MOE has allowed for graduating cohorts of students i.e. JC2s to return to school in *small groups* for face-to-face lessons in the later part of the May holidays, the College has arranged for selected J2 students who are weak in certain subjects to return to college on 27-29 May for supplementary lessons with the relevant subject tutors. We will send a letter to the parents of these students to inform them by this week.

In this letter, we would also like to share the Term 3 curriculum and assessment plans and schedule for JC2 students. Please refer to the attached slides for more details. Your child's respective subject tutors will provide him/her further details of the topics covered for Continual Assessment 2 (CA 2) by this week and the information will be uploaded onto the School Learning Space (SLS) platform for all students' reference. The CA2 will enable your child to attempt written questions in a timed setting, as part of their preparations for the Preliminary and A level examinations. It will also enable your child to have a better sense of what he/she has learnt and understood and the areas in which he/she needs further revision and academic support by teachers. The CA2 will also include scheduled timed science practical lessons to provide students the important hands-on practice they need.

We would like to thank you for your support in your child's learning during this period and we wish you and your families a good May holiday. We will be in touch with you in late May with regard to the College's plans for the start of Term 3, in line with MOE's guidelines.

Regards,

Mrs Phyllis Lim
Principal
